INSURANCE ISN'T JUST A POLICY.

It's people helping people.

Insurance is a lot more than just rates, premiums, and coverages. It's people helping other people.

At the Protector Group, we understand that. We know that to be a good insurance agency, we have to be a good listener. We believe that to provide the proper coverage to a person or a business, you must take the time to understand that person's or company's needs.

It's these simple truths that have helped us grow to be one of the largest independent insurance agencies in Central Massachusetts. Because when you know the names and faces behind the policies—as we do—you work a little harder to protect them.
